

PEACE OF MIND FOR A LIFETIME

SAFEGUARDING THE IMPORTANT & IRREPLACEABLE

PROVIDING PROTECTION FOR THE THINGS THAT MATTER

Whether someone is buying a home, starting a business, getting married, or curating a lifetime of memories, ensuring that important documents, valuables, and keepsakes are organized and protected from peril is a big responsibility.

That's why people around the world trust Sentry®Safe to help them safeguard the belongings entrusted in their care.

WE OFFER THE ASSURANCE THAT IF DISASTER STRIKES, PEOPLE CAN QUICKLY RECOVER WITH THEIR IMPORTANT BELONGINGS INTACT.

Because protecting what's important is our first priority, we design and build our products to withstand the adverse effects of fire, water, theft, and other hazards. We put care into every product we make and test them to the highest standards. Individuals and business owners alike can rest assured knowing that by investing in a SentrySafe, they've done everything they can to protect what's important and irreplaceable.

That's peace of mind for a lifetime.

TRUSTED FIRE PROTECTION

PROVEN TO PERFORM THROUGH RIGOROUS PRODUCT TESTING

We engineer our products to withstand our own demanding tests in addition to passing rigorous product testing by independent third party organizations. Our systematic approach to testing ensures the toughness and capability we build into every product will protect the valuables stored inside in the event of a catastrophe.

ETL VERIFIED ENDURANCE

FIRE PROTECTION

All fire safes are ETL verified to protect digital media and our EF safe models are ETL verified for 1/2-hour fire protection.

SENTRY SAFE OFFERS THE BEST FIRE PROTECTION IN THE BUSINESS

Our safes can withstand peak temperatures ranging from 1550° F to 1850° F.

Independent Underwriters Laboratory (UL) rates our products to withstand up to two full hours of fire exposure.

UL 1/2-HOUR TEST

Products are subjected to temperatures of 1550°F (843°C) for 1/2 hour.

UL 1-HOUR TEST

Products are subjected to temperatures of 1700°F (927°C) for 1 hour.

UL 2-HOUR TEST

Products are subjected to temperatures of 1850°F (1010°C) for 2 hours.

WE STAND BEHIND EVERY PRODUCT WE MAKE

\$50,000 FIRE PROTECTION GUARANTEE*

Get up to \$50,000 in insurance protection for your valuables.

AFTER-FIRE REPLACEMENT PROGRAM*

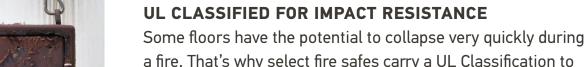

Should your safe go through a fire, SentrySafe will send a replacement safe free of charge, so the things that matter most are protected for generations to come.

REAL LIFE PROTECTION

"Bought a security safe 15 years ago. Last year it was damaged in a house fire. The contents were undamaged and we were very grateful. Called SentrySafe for help opening the safe; not only did I get the info I wanted, I discovered that the safe had a lifetime replacement warranty. SentrySafe stood behind their reputation and sent a replacement. Since then, I've purchased 3 more safes."

- SUBMITTED BY SCOTT L.

a fire. That's why select fire safes carry a UL Classification to withstand the impact from falls up to 30 feet.

PROPRIETARY FIRE-RESISTANT INSULATION

Our fire chests, files and safes are built with a specially formulated insulation that dissipates the heat in a fire to protect what's inside – giving our products the best fire resistance in the market.

WATER DAMAGE FACTS: Floods are the #1 natural disaster in the United States. Water damage is one of the most common claims on home chance of being damaged by a flood during the course high-risk flood areas file over 20-percent of all National Flood Insurance Program (NFIP) flood insurance claims. - Source: NFIP

RELIABLE **WATER PROTECTION**

SAFEGUARD AGAINST THE UNWELCOMED **EVENT OF WATER IN YOUR HOME**

Protecting treasured valuables, cherished memories, and important business assets from the devastating effects of water damage is a top priority. We are proud to offer different levels of waterproof and water-resistant technology to ensure our customers have what they need if disaster strikes.

UL VERIFIED PROTECTION

In addition to our own testing, the independent testing firm ETL thoroughly tests and verifies our water submersion and resistance ratings to ensure our products will protect against flooding and other water damage.

ETL VERIFIED UP TO 72 HOURS

WATER SUBMERSION TESTING

Waterproof chests and files consistently deliver up to 72 hours of powerful protection from water intrusion.

WATER RESISTANCE TESTING

Fire-Safe safes deliver up to 72 hours of powerful protection from water intrusion.

DIGITAL MEDIA PROTECTION

Sentry[®]Safe fire resistant products have been ETL verified that the important information stored on USB drives, CDs, DVDs and portable hard drives will survive a catastrophe.

WATER PROTECTION

RUGGED SECURITY INNOVATIVE TECHNOLOGY

Listening to our customers stories and understanding their security needs drives us to continually innovate around features that matter to them – adding to the value our customers expect to get from our products.

BIOMETRIC ACCESS

Utilizing the latest in biometric technology, we developed a locking system that allows quick and easy access with the swipe of your finger.

Advanced fingerprint scanning recognizes up to two authorized users and requires no memorization of combinations.

ALL OF OUR SAFES ARE ENGINEERED WITH DURABLE SOLID STEEL CONSTRUCTION, BIG BOLTS AND PRY-RESISTANT DESIGNS.

ALARM SAFES

The Big Bolts Alarm Safe combines the same great fire and water protection of our Fire-Safe products with a loud alarm that provides an additional deterrent to someone attempting to gain unauthorized access to the contents inside.

REAL LIFE PROTECTION

"We were recently burgled and the perpetrators had a very good attempt at breaking into our Sentry Safe; however, they did not succeed in getting the contents only in destroying the product. They finally gave up the attempt but we were able to open the safe and take out our valuable documents. We will definitely be replacing this item with another SentrySafe. Thanks for a great product."

THE LOUD AUDIBLE ALARM **ALERTS YOU WHEN:**

Your safe is picked up or moved.

Someone is attempting to pry open the door.

Five wrong code attempts are entered.

FIRE SAFES

THE MOST VERSATILE PROTECTION **SENTRY**°SAFE HAS TO OFFER

Our safes provide powerful protection in the most unpredictable conditions brought on by fire, flood, and theft.

SentrySafe products deliver reliable features that customers need like bolt-down hardware, loud audible alarms, and tough impact resistance that works even if a fire destroys the floor beneath the safe. And, should an owner's safe go through a fire, SentrySafe will send a replacement safe free of charge.

PISTOL SAFES

POWERFUL SOLUTIONS FOR HOME DEFENSE

Proper storage and protection of any firearm, especially a handgun, is central to responsible gun ownership. Keeping handguns protected and away from children and family members reduces the chance of an accident.

Storing handguns in a Sentry Safe Pistol Safe also provides solid protection from theft due to household burglary or other property crime.

SentrySafe Pistol Safes deliver assurance to gun owners that they will have quick, reliable access to firearms when it matters most.

With options for whisper-quiet entry, biometric (fingerprint) access and portable security, these safes are on the leading edge of tactical firearm storage.
